# Influenza A H5N1 (Avian Flu) Hemagglutinin / HA Antibody, Mouse MAb

**Catalog Number:** 11048-MM04

## GENERAL INFORMATION

**Immunogen:** Recombinant H5N1 HA protein

**Preparation**
This antibody was produced from a hybridoma resulting from the fusion of a mouse myeloma with B cells obtained from a mouse immunized with purified, recombinant Influenza A virus H5N1 (Avian Flu) hemagglutinin extracellular domain. The IgG fraction of the cell culture supernatant was purified by Protein A affinity chromatography.
